_____

[1] Motor Type:
– The Small Quiet Motor (ST30 RTS) is available in widths from 20"–72"; the Large Quiet Motor (ST50 RTS or ST50 Standard) is available in widths from 45"–156"; the LT525 Motor (RTS or Standard) is available in widths from 156 1/8"–192". Standard motors do not have integrated controls and are typically used with home automation systems.

[2] Plug-In Option:
– Select only one option per shade. The Large Quiet and LT525 RTS Motors are available with all options listed. The Small Quiet Motor is available with either the 6' wire without plug option or the 12' wire with plug option. For the Small Quiet Motor, if the 12' wire with plug option is selected, no additional power supply is necessary.

[3] Optional Power Supply:
– For the Small Quiet Motor, if the 6' wire without plug option is selected, either the 5-AMP or 10-AMP power supply must be used. The 5-AMP power supply can be used with two shades; the 10-AMP power supply can be used with up to four shades.

[4] Wireless Control:
– For a 5-channel wireless controller, please specify program channel.

[5] Cassette system not available with fascia or pocket.

[6] Reverse roll not available with Cassette system, fascia or pocket.
