How to Place an Order

STEP 1 Choose Your Shade Type

STEP 2 Choose Your Fabric and Color

STEP 3 Choose Your Options

How to Measure

NOTE: Smallest unit of measure is $\frac{1}{8}$ ".

Blinds installed on windows near wall or baseboard heaters must clear the heaters by 12" above and 6" to the side.

INSIDE MOUNT (IM) INSTALLATION

TO FIND WIDTH

Measure the opening across the top, where the headrail is to be installed, from inside of window frame on left to inside of window frame on right. Round the measurement down to the nearest $\frac{1}{8}$ ". For minimum installation depth requirements, refer to Headrail Dimensions Chart on page 5.

TO FIND HEIGHT

Measure from the inside top of the opening on the left, at the center, and on the right to the sill; round the measurement down to the nearest $\frac{1}{8}$ " and note the smallest dimension. Do not make any allowances: the factory will make all adjustments so the headrail will fit the opening properly.

OUTSIDE MOUNT (OM) INSTALLATION—WINDOWS

TO FIND WIDTH

Measure the width of the area to be covered at the place where the headrail will be installed to the nearest $\frac{1}{8}$ ". Shade should overlap opening at least 4" on each side to ensure privacy.

TO FIND HEIGHT

Measure the height of the area to be covered and round down to the nearest $\frac{1}{8}$ ". Shade should extend at least 3" above and 3" below opening or window frame. For installations to the floor, make adequate allowance for carpeting. Specifying OM measurement means the factory makes no allowances.

OUTSIDE MOUNT (OM) INSTALLATION—PATIO DOORS

TO FIND WIDTH

Measure the width of the area to be covered at the place where the headrail will be installed to the nearest $\frac{1}{8}$ ". Shade should overlap opening at least 4" on each side to ensure privacy.

TO FIND HEIGHT

Measure the height of the area to be covered and round down to the nearest $\frac{1}{8}$ ". Shade should extend at least 3" above opening or window frame. For installations to the floor, deduct $\frac{1}{2}$ " for proper clearance. Specifying OM measurement means the factory makes no allowances.

EXTENSION BRACKETS—EXTENDS FROM 2" TO 4"

Recommended for outside mount only when an obstruction protrudes beyond the window, such as window cranks and other mechanisms. Extension brackets are adjustable. Must request at time of order.

Critical Dimensions

Wand

Wand length may NOT be changed from below assignment.

CONTROL LENGTH

Shade Height	Cordless Wand Length
12"-24"	12"
24 1/8"-36"	20"
36 1/8"-96"	33"
96 1/8"-108"	47"
108 1/8"-120"	59"
120 1/8"-132"	69"
132 1/8"-144"	80"

Cord

Cord length is assigned as $\frac{3}{4}$ the length of the shade but CAN be changed (12"-144").

Headrail Dimensions

Reference the Configuration Chart to determine the number of channels on your shade.

	2 Channel	3 Channel	4 Channel	5 Channel
Height	1/2"	1/2"	1/2"	1/2"
Depth	1 1/2"	2 1/4"	3"	3 3/4"

Panel Quantity and Configuration Chart

Based on the width of your shade and the type of draw you choose for your PanelTrac® Shade (One-Way or Split-Draw), use the corresponding chart to determine the number of panels in your shade, the width of each panel and the number of channels in the headrail. Overlap between panels will vary from $2\frac{1}{2}$ " to $6\frac{1}{2}$ " depending on the width of your shade. There will be equal panel overlap throughout each shade.

Cleaning Guide

Care Instructions

A brush-type vacuum attachment or feather duster should be used for cleaning. If your shade should become stained, you may clean it by dabbing the spot with a sponge dampened with lukewarm water. Avoid contact with window cleaning products as these may discolor your shade. Ultrasonic cleaning is not recommended or covered by our warranty.

Color Variation and Fabric Repeat Information

Color lot variations may occur due to the process of color application. For the best color match, order all shades for a room at the same time. Pattern availability and color lot match between orders cannot be assured. Any variation in color is in accordance with industry standards.

Natural fabrics are manufactured of fine yarns and woods. Natural and man-made fibers are spun and twisted into a variety of yarn styles, then pressure-dyed to color. Fine woods are milled into a variety of sizes and shapes and finished with stains and paints. Reeds and slats retain the unique natural grain and color variations inherent in all wood products. Certain species of bamboo can vary from deep yellow to pale green.

Replacement panels may be ordered to replace damaged panels or to change out panels seasonally. Each panel is priced individually based on panel width and shade height.

When ordering, indicate the style of shade (one-way or split draw) and the number of panels needed.

Specify shade width and overall shade height (height of shade including headrail).

Note: Due to dye lot variations, we cannot guarantee an exact color match to the original order.

Terms and Conditions

Order Processing

Telephone Orders

Verbal orders are accepted as the dealer's responsibility. Each order will be repeated back by the Customer Service Representative. In certain instances, we may require written orders.

Duplicated Orders

All orders are confirmed after entry into our system. Customer Service is not responsible for duplicate orders caused by a written order following a telephone order or duplicate faxes.

Changes and Cancellations

All products are custom-made to your specifications under tight deadlines. Once production has begun on your order, changes and cancellations cannot be made.

Contract Orders

All Contract Orders must be processed through Contract Customer Service at 1-800-826-8021.

Claims and Returns

Defective Merchandise

All manufacturing defects must be reported to Customer Service within 30 days of receipt of shades. We may require the return of defective shades prior to repair or replacement.

Incorrect Merchandise

If any part of your shipment was made incorrectly, please advise Customer Service within 30 days. A replacement will be made at no charge if the problem was due to Kirsch error. If the problem was due to dealer or customer error, the original order and replacement order will be full charge.

Returns for Repair

Prior to return for repair, contact Customer Service. We will request the order number, date, purchase order number, and type of product. Arrangements for return will be made at that time with directions as to how the shades should be returned. The package should be marked for easy identification both inside and outside, and should contain a written confirmation of the verbal repair instructions. Repairs should be packaged carefully. Product that has been mishandled or received in poor condition will be returned to the customer.

Chargebacks for unauthorized repairs or additional installation cannot be honored. All returns for repair are subject to freight charges.

Freight

- Shipments outside the continental U.S. are subject to freight charges.
- Chargeable parts and returns for repair are subject to freight charges.

Pricing and Terms

All prices are subject to change without notice. Until credit is approved, terms are cash with order. Standard terms are Net 30 days from invoice date.

Returns for Credit

Returns can be accepted only if prior authorization has been obtained from Customer Service. Authorization will include instructions as to how the merchandise should be returned. Unauthorized returns will be refused.

Freight Damage FedEx/FedEx Ground

- If freight damage is visible, refuse the shipment. FedEx will inspect the damage and return to the shipping location. Contact Customer Service for further information.
- If freight damage is concealed, retain all packaging materials and contact Customer Service immediately (must be notified within 14 days).

Freight Damage Common Carrier

- If freight damage is visible, refuse the shipment. The carrier will return the merchandise to the shipping location for inspection. Contact Customer Service for further information.
- If freight damage is concealed, retain all packaging materials and contact Customer Service immediately (must be notified within 14 days).
