SHEER
SHADINGS

SHEER SHADINGS *by Alta*

design simplified™

It's sheer genius to have both privacy and light from one shade. How? Tilting fabric vanes float between two sheer panels, making our Sheer Shadings masterful in nuanced brightness control — with the familiar functionality of our beloved blinds.

Let's go window shopping.

GOOD DAY SUNSHINE

Manage how you embrace a sunny day with a simple vane tilt adjustment that ranges from fully open to totally closed, making you the master of both your ambiance and your climate. Cooler temps, protected furnishings and bespoke views all at your fingertips.

from glaring to gorgeous

Lowered shadings with open vanes softly filter sunlight through the sheer panels to transform your room.

IN THE GLOW ZONE

As if you were in the perfect artist's studio, our Shadings both diffuse and disperse light deep into the room, instantly increasing the chances you'll have a good day. It's a fact, sunshine is a mood-enhancer, making Shadings the perfect partner to both protect your artwork and encourage that extra yoga stretch.

no moiré

Alta fabrics are designed so that the view is virtually free from *moiré*, the distortion typically seen when sheer fabrics are layered.

Sheer Shadings with Automation
RETREAT | Rock Garden SR3350

A COZY COCOON

Whether streaming your favorite show, managing your video meetings or securing a good night's sleep, a darkened environment is ideal. Our library of light-dimming fabrics gives you designer choices that will turn day into night with the comfort of privacy. At least from your neighbors.

have it your way

With Alta's automated control options, you can wake up to open Sheer Shadings, or adjust them remotely whenever it suits you.

WE'RE SO VANE

*When it comes to inspiring design united with fabulous functionality, that's a good thing!
Our Sheer Shadings offer features to fit your lifestyle and flatter any window.*

VANE STYLES

Select a vane style based on window size or desired amount of view-through at the window.

Perfect proportion for smaller windows.

Great for most standard windows.

Ideal for larger windows for greatest visual impact.

FABRIC OPACITY

Diffuses light and provides a soft glow with privacy when closed in the daytime.

Dramatically reduces the light and provides privacy when closed day or night.

MOUNTING OPTIONS

Specify inside mount if your window has the proper depth.

Specify outside mount to ensure the greatest amount of light control. Ideal solution for windows with shallow depth.

BLISS[®] ASSIST

Relax, we've got this. With our wire-free Bliss[®] Automation system, your smart device can adjust your Sheer Shadings just by asking — tap or talk, and keep your hands free for more important stuff.

BLISS[®]
AUTOMATION
by ALTA

Discover how Bliss
enhances your home

CONTROL OPTIONS

AUTOMATION

The ultimate in ease and convenience, our automated systems control all your shadings with a remote or via an app on your smart device, or your voice.

POWERWAND™

The PowerWand™ operates shadings with the touch of a button. PowerWand is affordable and rechargeable too.

CONTINUOUS LOOP CONTROL

Operate the shade by pulling on a loop control to position the shade exactly where you want it. A tensioner keeps the loop at a constant length and eliminates dangling chains for enhanced safety.

Continuous Loop Control Not Available in Canada.

CORDLESS LIFT

A light pull on the handle lifts and lowers the shading and tilts the vanes. A safe choice for homes with children and pets.

RETRACTABLE WAND

A gentle pull on the single wand raises and lowers the shading and tilts the vanes for exact light and privacy control.

CORDED CONTROL OPTION

⚠ WARNING		
⚠ ADVERTENCIA		
Window Blind Cord Strangulation Risk Window Blinds with a damaged or loose tension device or retractable cord that fails to fully retract pose a strangulation risk to children. To avoid this potential strangulation risk, consider purchasing cordless products or products with inaccessible cords.		
Riesgo de Estrangulamiento en Cuerdas de Persianas Las persianas con un dispositivo tensor suelto o dañado o con una cuerda retractable que no se ajusta completamente representan un riesgo de estrangulación para los niños. Para evitar un posibel riesgo de estrangulamiento, considere comprar productos inalámbricos o productos con cuerdas inaccessibles.		

DESIGN OPTIONS

TWO-ON-ONE HEADRAIL OPTION

Two independently operating shadings share the same headrail for a cleaner, more unified look. Ideal for wide-set windows and patio doors.

FABRIC-COVERED HEADRAIL

Color-coordinated fabric covers the headrail, providing a seamless, custom look.

let's talk safety

We love your kids. (And pets.) When it comes to safety, we take our role seriously, beyond design and operation. Our products proudly carry the “Best for Kids” designation.

SHEER SHADINGS OPERATION

lowered & open

Vanes tilt open only when shading is lowered all the way.

lowered & closed

Vanes tilt closed when shading is lowered all the way.

raised & closed

Vanes remain closed when shading raises and lowers. Vanes do not tilt when raising and lowering.

WARNING

⚠️

ADVERTENCIA

Window Blind Cord Strangulation Risk

Window Blinds with a damaged or loose tension device or retractable cord that fails to fully retract pose a strangulation risk to children. To avoid this potential strangulation risk, consider purchasing cordless products or products with inaccessible cords.

Riesgo de Estrangulamiento en Cuerdas de Persianas

Las persianas con un dispositivo tensor suelto o dañado o con una cuerda retractable que no se ajusta completamente representan un riesgo de estrangulación para los niños. Para evitar un posible riesgo de estrangulamiento, considere comprar productos inalámbricos o productos con cuerdas inaccesibles.

⚠️

WARNING

STRANGULATION HAZARD - Young children can be strangled by cords. Immediately remove this product if a cord longer than 22 cm or a loop exceeding 44 cm around becomes accessible.

⚠️

MISE EN GARDE

RISQUE D'ÉTRANGLEMENT - Les enfants en bas âge peuvent s'étrangler avec des cordes. Enlevez immédiatement ce produit si une corde mesurant plus de 22 cm devient accessible ou si le contour d'une boucle de plus de 44 cm devient accessible.

AND DID WE MENTION?

Alta stands by our products with a Limited Lifetime Warranty. That's our promise to you.

SHADINGS**

Hardware Color Card

SHEER SHADINGS HARDWARE COLOR GUIDE

The headrail and bottomrail for Sheer Shadings have been color-coordinated to one of these 23 rail colors. Please consult the current Sheer Shadings Product Reference Guide for the coordinating hardware color name & number.

Note: A different hardware color can be selected; a surcharge will apply. Hardware Color Substitution is only available when the Fabric-Covered Headrail option is not selected.

FABRIC COVERED HEADRAIL

Color-coordinated fabric covers the headrail, providing a seamless, custom look.

The headrail fabrics for Sheer Shadings have been color-coordinated to one of these 32 colors.

Please consult the current Sheer Shadings Product Reference Guide for the coordinating hardware color name & number.

Note: A different hardware color can be selected; a surcharge will apply. When Fabric-Covered Headrail is selected the underlying headrail color will always be white and the end caps will still be color-coordinated.
