MOUNTING OPTIONS

modern day craftsmanship

Alta's hand-glued valances feature precise mitered corners.

TILT CONTROL OPTIONS

Tilt slats with these options for directional light control and privacy. Pair with a lift option shown on the next spread.

Tilt slats with the touch of a button or a tap on your smart device.

We think about your children and pets because you do. We proudly carry the “Best for Kids” designation, certifying tough independent laboratory testing.

Adjust the slats open or closed with a twist. Wand tilt is certified Best for Kids when used with Cordless Lift & Lock™ (2" slat size only.)

STATE OF BLISS®

Easier than ever, our Bliss® Automation system delivers wire-free, motorized convenience. Tilt your Alta Wood or Faux Wood slats with a touch of a finger using a smart device or remote control—or even your voice.

LIFT CONTROL OPTIONS

Lift and lower blinds with convenience. Pair with a tilt option shown on the previous spread.

Blinds lift and lower easily with a gentle push or pull on the bottomrail.

Cordless XL Lift is designed to lift and lower all blinds, including wider and longer sizes. Automation not available.

Push a button on the bottomrail to lift or lower the blinds; release button to lock blinds into place. Certified Best for Kids when used with wand tilt on 2" slats. Automation not available.

Scan the QR codes to watch the demonstration videos.

BOTTOMRAILS

A sleek, contoured bottomrail ensures better slat tilting and closure.

Cordless Lift & Lock features a pre-selected coordinating bottomrail.

CROWNING GLORY

Elevate your design to the next level with a commanding statement. The Modern profile cornice bestows a sleek, architectural finish onto any window or sliding door.

CORNICE OPTIONS

A cornice lends architectural style to your window or sliding door.

- 6" Wood Cornice with Modern profile; standard dust cover; available in 10 popular painted wood colors
- 4 ½" Faux Wood Cornice with Modern profile; standard dust cover; available in 10 top-selling faux wood colors
- Keystone accent will be added to cover splice on extra wide cornices
- Cornices complement most window coverings and can be ordered as a separate product.

VALANCE OPTIONS

Most blinds come standard with the 3" Decorative valance. (Some specialty finishes only available with the 3" Modern valance.) Or choose one of the optional valances to best suit your decorating style. Valances can also be ordered separately to pair with other window coverings.

Faux Wood only.

Faux Wood outside mount only.

Keystone is a decorative element or can function to hide a splice on wide width valances.

Decorative, Crescent, and Modern valances with keystone.

CONFIGURATION OPTION

A flexible choice for larger windows. Each blind operates independently, yet shares the same headrail.

Child safety is serious business, which is why we use warning tags, labels, and other methods to communicate the potential hazards of corded window coverings. The warning shown here communicates the important message about cords being a potential strangulation hazard and suggest choosing cordless alternatives or products with inaccessible cords.

⚠️ WARNING

⚠️ ADVERTENCIA

Window Blind Cord Strangulation Risk
Window Blinds with a damaged or loose tension device or retractable cord that fails to fully retract pose a strangulation risk to children. To avoid this potential strangulation risk, consider purchasing cordless products or products with inaccessible cords.

Riesgo de Estrangulamiento en Cuerdas de Persianas
Las persianas con un dispositivo tensor suleto o danado o con una cuerda retractable que no se ajusta completamente representan un riesgo de estrangulacion para los niños. Para evitar un posbiel riesgo de estrangulamiento, considere comprar productos inalámbricos o productos con cuerdas in accesibles.

OUR PROMISE TO YOU

Alta products are made to last—and we back them up with a Limited Lifetime Warranty.
